Sir,

With reference to para 2 of this Office letter No. 2079/346 dated 22nd January 1885, I am directed to inform you that the Question of the Secretary of State to the Scheme proposed for the reorganization of the Revenue Survey Establishments of the Bombay Presidency have been thoroughly received, but that until arrangements can be matured to give effect to the Scheme, His Excellency the Governor in Council is unable to state positively whether it will be possible to find employment for Messrs Clerk and Anderson in that Presidency. His Excellency however fears that it will not be practicable to provide for the Officers in question.

Sir,

I am directed to acknowledge the receipt of your letter No 38 of the 15th April last, forwarding an application from Mr. A. G. Hudson, Asst Supt of Rev: Survey, requesting that his promotion to the 2nd Grade of Asst Supts may be notified in the Gazette of India, and in reply to state that the promotion referred to having been made since the Resolution, does not require to be published in the Gazette of India. Mr Hudson's promotion to the 3rd Grade was sanctioned by the Govt of India as administering Mysore, and was therefore published in the Gazette of India in the ordinary course, but the present promotion was made under an altogether different arrangement

Sir,

With reference to your letter No. 31/33-2, dated 28th January last, and your subsequent reminder No. 174.S. dated 11th instant, I am directed to state, for the information of the Government of India, that, as it will be necessary to provide for some four or five officers of the Sind Survey Department whose services will, at an early date, be no longer required in Sind in consequence of the approaching

approaching completion of the Survey operations in that province. His Excellency in Council fears that it will not be practicable to provide appointments in the Revenue Survey Department of this Presidency for the officers of the Mysore Survey named in your letter of the 28th January last. His Excellency in Council considers that the officers of the said Survey have, for various reasons, a preferential claim as compared with the officers of the Mysore Survey to employment in the Survey Department at the Presidency proper.—

My dear Sir Shethar Lawyer,

You will of course have heard the sad news of the death of my Father, which took place in January last. - I can't tell you how very much shocked I was to hear it, as when I last saw him while I was on privilege leave for a month last August, he seemed to be perfectly fit and well.

His death has brought troubles which did not exist

exist while he was alive and I am no help for it but to apply for the two years furlough which I shall have earned on completing 18 years Service in November next. It is a long time to look forward to before I make a start; but after the continuous strain of field work for 10 years consecutively it does not seem very long to me.

I have sent in my application for furlough to the Account-ant General, Bombay, and you will receive it in due course from the Comptroller in Mysore. The question to be decided is whether Hrs Kitchener's Government is prepared to take the responsibility of contributing towards my leave allowance according to the Rule of Proportion.

Paras 4 and 5 of your proceedings No 6608-14-1444 dated 2nd March 1885 sum up the whole case, as it is there ruled that I am entitled to leave for Service under the Durbar

I write to ask if you will very kindly tell the Secretary to give the matter his Early attention, as I am very anxious to be Home & tell my people everything is settled!

I am very sorry to give you so much trouble over this but I trust you will make

allowances for my impatience
to write Home.

With kind regards

Yours. Sincerely

A. C. Hickson

Dear Sir,

Mr Hudson has been requested by the Government of India to furnish information regarding the Sandal wood trade in Mysore, and he has asked me to help him in the matter. I shall be much obliged if you will kindly favour me with your views on the following points:

1. Is there any difference between the Sandal wood (Santalum album) of Mysore and that of Malabar? If so, what is the difference?

2. Is the Sandal wood of Mysore considered superior to that of Malabar?

3. Is the Sandal wood of Mysore exported to Bombay? If so, what is the quantity exported annually?

4. Is the Sandal wood of Mysore exported to Europe? If so, what is the quantity exported annually?

5. Is the Sandal wood of Mysore exported to any other country? If so, what is the quantity exported annually?

6. Is the Sandal wood of Mysore exported to Malabar? If so, what is the quantity exported annually?

7. Is the Sandal wood of Mysore exported to any other country? If so, what is the quantity exported annually?

Sir,

In forwarding herewith a copy of letter No. G.A. 4419 dated 14th May 1894 from the Accountant General Bombay enquiring whether the Mysore Government will contribute towards the leave allowances of Mr. A.G. Hudson, formerly an Assistant Superintendent in the Mysore Revenue Survey and now in the Bombay Revenue Survey, in the event of his applying for 2 years furlough, I have the honor to state that when the question of pension and leave allowances of officers who served in Mysore when the Province was administered by the British Government was settled by the Government of India after the Rendition, it was decided that he should be treated as strictly

purely Mysore officer, and that his pension should be charged to British and Mysore Revenues according to the rule of proportion in the event of his being transferred to British Service, vide para 5 of letter No. 2235/372 dated 9th February/85 from the Assistant Resident to the Dewan of Mysore. In conformity therewith the Mysore Durbar at the time of his transfer to the Bombay Government accepted its liability to contribute towards his pension only according to the rule of proportion, vide No. 1199 dated 10 October 1885 from your office to the Assistant Resident in Mysore. No mention has however been made about his leave allowances in either of the letters above referred to, nor does the case come under any provisions of the Code. Mr. Hudson's Service in Mysore amounts to 8 years and 10 months and if Government be pleased to decide that leave allowances also be paid according to rule of proportion as agreed upon for his pension

Early orders are solicited.

Bombay.

(Post) Palghar May 9th 1894.

Sir

With reference to your letter No: Gen/3599 of the 8th instant, I have the honor to inform you that the Government of India and Mysore have already come to a decision about my leave allowances, and I beg to append a copy of paras 4 and 5 of the Proceedings of the Dewan to His Highness the Maharajah of Mysore (No: 6608-14-144 dated 2nd March 1885) from which you will see that the Mysore Government has notified that I am entitled to leave under the Rules in force, and, that the Government of India has decided that my pension and leave allowances, for Service

service under the Dunbar, should be paid by the Mysore State.

2. Might I ask you therefore to do me the favor of forwarding a copy of this letter (which is sent in duplicate to save time) to the Comptroller in Mysore and of informing him that I have intimated to your office my intention of applying for two years furlough from the 23rd November next, and at the same time request that he will obligingly ascertain whether His Highness's Government is prepared to contribute towards my Leave Allowances according to the Rule of Proportions.

I have the honor to be
Sir

Your most obedient Servant

My dear Officers

Order No 2342 / 5391 / 30-6-94

The Diwan is unable to pass any final orders on the above reference, because it is not clear how or why any question at all arises - Under sec: 56 of British Service Regulations, the Leave allowances will be debitable in the proportions in which the aggregate salary drawn by Mr. Hudson during the portion of his services immediately preceding the beginning of his leave, which will

be

be taken into account in calculating the leave granted to him, has been contributed by the Mysore and Bombay Governments respectively - So that, if, under Mr Hudson's Bombay Service alone ~~the 2 years' furlough will be due~~, and if no Mysore Service need be calculated for that purpose, the furlough allowances will be debitable entirely to the Bombay Government account -

the 2 years furlough be due

1 Under what section is the 2 years' furlough to be taken?

2. How is the period to be calculated?

3. What is the aggregate of furlough allowance payable?

4. What, if any, will Mysore Contribution be and how is this calculated

COMPTROLLER'S OFFICE MYSORE
RECEIVED 7 JUL 1894

OFFICE OF THE COMPTROLLER OF MYSORE,

Bangalore, the 7th July 1894.

From

E. R. SUBBRAYAR, Esq.,

Comptroller of Mysore.

To

The Chief Secretary to the Dewan of Mysore

SIR,

With reference to Government Proceedings No. 23427. G 5-391. dated 30 June 1894 in-re the leave allowances of Mr. A.G. Hudson, Assistant Superintendent Bombay Revenue Survey, I have the honor to state that article 5-6 of the Civil Service Regulations merely explains what is meant by when pension or leave allowances are said to be chargeable to several accounts according to the

Rule of Proportions and the only articles in which any mention is made about the ~~apportionment~~ apportionment of bonus - allowances according to the rule of proportions are 239, 835, (a) and (b) 836, 837, and 870. but none of these provide for cases like that of Mr. Hudson.

Separate provision has therefore been made in article 427 (a) for grant of pension according to Rule of proportions to officers of this kind who were transferred to British service before 1st October 1892; no provision was

however made in regard to leave allowances.

On referring to the correspondence that took place between the Durbar and the Government of India in regard to pension and leave allowances of British Officers who served in Mysore when under British administration, I find only the question of pension has been decided no mention made about leave allowances at all I felt therefore incompetent to decide this question without reference to Government

and obtaining their Orders.

If it can be inferred from the above Correspondence that the leave allowances also should be calculated on the same principle as laid down therein for pension, the Mysore Government will have to bear Mr. Hudson's leave allowances according to rule of proportion.

The several particulars asked for by the Government in para 3 of the Proceedings are given below.

(1) The 2 years furlough can be taken under

article 371 of the Civil
Service Regulations
(2) After 18 years service
furlough for 2 years or
any less period is granted.
(3) The correct aggregate
amount of furlough allowance
payable for the 2 years
cannot be given, as the
Accountant General Bombay
has not yet intimated
to this office the salary
drawn by Mr. Hudson
during the last 3 years.
However assuming that
his salary during that

period to be Rs 66 of a month which is the pay of a 1st Grade Assistant Superintendent, his leave allowances will aggregate Rs 7920/

(4) Of this amount the Mysore Government may have to contribute Rs 3034-10-4 as per memo of calculation herein enclosed 2/15 17 12 6-8

Sir

With reference to your letter No 122 dated 4 instant regarding the leave allowances of Mr A. G. Hudson, ~~Asst to~~ Supt, Bombay Revenue Survey, I am directed to state that under article 371 of the British Civil Service Regulations cited in your letter, ten years' service would entitle Mr Hudson to 1 year's furlough and 18 years' service to 2 years' furlough. As Mr Hudson will complete

Complete 10 years' Bom-

In inviting your attention to correspondence ending with your No. 1294/Q 273. dated 21st July 1894 regarding the leave allowances of Mr. A G. Hudson, Deputy Superintendent, Bombay Revenue Survey, I have the honor to forward herewith in original letter No. Q.A 615 dated 31st May 1900 received from the Accountant General Bombay for reference and obliging return, and to state that of the two years furlo granted to him then, he appears to have enjoyed only 11 months as he was recalled to duty in the meanwhile, and that the proportionate share of his leave allowances for that period has also been paid by the Mysore Government. He now wishes to have the remainder of his furlo leave, and requests to be informed whether the Durbar will bear their share of the leave

Allowances for that period

Under article 223 of the British Regulation
Corresponding with article 142 of the Mysore Service
Regulations. an officer recalled to duty before th
expiry of leave of any kind is entitled to take
balance of his leave as soon as ~~possible~~ he c
be spared from his duty. Accordingly Mr: Hud
can take the balance of his leave, but as he
is to retire from the Service, he is not entitled
to it under article 243 of the British Regulations
Should however the Supreme Government conde
to grant him the ~~leave~~ balance of his leave, I
request to be informed whether the Mysore
Government will agree bear the proportionate share of hi
leave allowances. The favour of an early reply
is requested.

Sir,

Encls. 2

I am directed to acknowledge the receipt of your letter No.6492 dated the 22nd ultimo, from which it appears that Mr.A.G. Hudson, formerly Assistant Superintendent in the Mysore Revenue Survey, and now Dy: Superintendent, Konkan Revenue Surveys, Poona, obtained 2 years' furlough from the British Government with effect from 9th February 1895, the Mysore Durbar bearing the share of his leave allowances proportionate to the length of his service in Mysore on the authority of this office letter No.1294/G.273 dated 21st July 1894 to your address, that he was recalled to duty on 2nd January 1896, that he has now applied for the balance of furlough due to him (viz: 13 months) as his appointment will soon be abolished, and that he begs that the Durbar may be pleased to sanction their share of leave allowances for the said period.

You

You have at the instance of the Accountant General of Bombay, submitted the question for the orders of Government, with the remark that, strictly speaking, under Art: 243 of the British Civil Service Regulations Mr. Hudson will not be entitled to the leave as he will hold no substantive appointment during that period.

In reply, I am directed to say that if the British Government is pleased to sanction the balance of furlough due to Mr. Hudson, notwithstanding the provisions of Article 243 of the Civil Service Regulations, the Durbar will have no objection to bear their share of his leave allowances, which ~~is calculated to amount to about Rs. 1645-14-9 for 13 months at Rs. 126-9-9 per mensem.~~ I am to request that the Accountant General of Bombay may be informed accordingly.

The original enclosures of your letter are herewith returned.

AS 4-84-2054

No. 3100, dated the 17th May 1900.

From—The Secretary to the Government of Bombay,

To—The Secretary to the Government of India, Department of Revenue and Agriculture.

As the Government of India are aware the Bombay Survey Department is on the point of abolition. Of the European officers appointed to it under the authority of the orders* noted in the margin, *viz.*, Mr A. G. Hudson, Deputy Superintendent, Konkan Survey, and Mr. W. S. Cole, Deputy Superintendent, Gujarat Survey. The Governor in Council is anxious, for the reasons stated below, to find, if it be possible, employment for both these officers when the time arrives when their appointments in the Survey Department will cease to exist. Mr. Hudson's time will expire on the 15th July next, when the work which he is at present superintending, namely the Phálni Survey† of the districts of Thana and Kolaba is expected to be accomplished. Mr. Cole's work in the Gujarat Survey will be finished by the 31st October next. Mr. Hudson has already been given the necessary notice that his services may have to be dispensed with. It is, however, possible that miscellaneous work in connection with the winding of the survey may be found to occupy him for a further period of at the most a very few months. There will certainly be no ground for the retention of Mr. Cole on survey work beyond the 31st October. The four Superintendentships of Land Records in the three Presidency Divisions and Sind and the Superintendentship of the Photo-zincographic office in Poona are the only appointments in this presidency for which survey officers are specially fitted by their technical qualifications and experience. Of these appointments the Superintendentship of the Northern Division which has not yet been filled has been promised to Mr. Wilkins, Assistant Superintendent of Survey, and the remaining appointments are already held by officers of the department. The only other survey officer for whom this Government has managed to provide, and that with great difficulty, is Mr. McIver who has been appointed to a Deputy Collectorship of the 3rd grade in the Provincial Service. It would have been impossible to give this appointment to Mr. McIver, but for the opportune occurrence of a suitable vacancy, and there is no immediate prospect of any other vacancy occurring for some time to come in the superior grades of the Deputy Collectors to which alone either Mr. Hudson or Mr. Cole could be appointed with due regard to the length of their service under Government and the emoluments which they have been receiving up to the present. There are other obvious objections to the appointment of Europeans more frequently than can be avoided to the Provincial Revenue Service. The Governor in Council has carefully considered the possibility of providing for Messrs. Hudson and Cole in other departments under this administration. The only departments the appointments in which could by any stretch of principle be regarded as suitable for either of these officers are the Salt and Customs Departments. In neither of these departments, however, are there now vacant, or soon likely to be vacant, any appointments on suitable pay; nor indeed had such appointments been available could Messrs. Hudson and Cole have been posted to them without superseding officers the length and value of whose services or whose technical knowledge and ability would have rendered supersession an unmerited hardship and most undesirable in the interest of the public service.

* Resolution of the Government of India in the Financial Department, No. 2956, dated the 21st October 1865.

Despatch from the Secretary of State for India, No. 60 (Revenue), dated the 29th July 1880, accompanying the memorandum from the Government of India, Home, Revenue and Agricultural Department, No. 341, dated 16th September 1880.

† See letter from this Government, No. 7900-A., dated the 30th October 1897.

2. On the other hand the two officers now in question have deserved well of Government. They have both of them an unblemished record of work through periods exceeding twenty-four years in Mr. Hudson's case and twenty years in Mr. Cole's. It may with truth be said that their present position is in some respect due to their acknowledged usefulness, since it was found absolutely necessary to retain, till the close of the operations of the survey, officers fully versed

55 (23 a)

in the numerous technicalities of the work required. So long ago as 1888 it was found that survey officers apprehending that their services might be dispensed with in the course of the reductions which were threatened, were endeavouring to find other employment and the Governor in Council was constrained to inform all such officers that the exigencies of the public service would not permit of any officer being spared from the department until the end could be clearly foreseen. These orders were accompanied with the assurance that all reasonable endeavours would be made to provide suitable employment for officers requiring it when the department was actully abolished. The Governor in Council however, for the reasons above stated, is unable to provide such employment for Messrs. Hudson and Cole who fully merit it, and in view of the assurance they have received have considerable moral claim thereto. As neither of them has yet served the 25 years needed to qualify for a pension equal to the half of their average emoluments their enforced retirement would entail upon them considerable pecuniary difficulty.

3. It has occurred to the Governor in Council that the Government of India may be able to find useful employment for these officers in the Survey of India. Both of them are, it is needless to say, thoroughly experienced in the conduct of survey operations according to the Bombay system. They are fully qualified in both measuring and classing, the latter operation, as the Government of India is aware, being the valuation of soils according to an elaborate and scientific method. They are expert in the use of the theodolite for the testing of the measurement work of their subordinates both in field survey and village traversing. Both officers also attended the class started in 1890 at Poona for introduction in higher scientific survey, with a view to possible entry into the Survey of India. That others were at that time offered the appointments given in the Imperial Department in preference to Messrs. Cole and Hudson was due, as indicated above, to the fact that their knowledge of the Bombay system rendered indispensable the retention of these two officers. The Governor in Council has every reason to believe that Messrs. Hudson and Cole would be found fully competent to supervise the conduct of a revenue survey under the systems prevalent in the Survey of India.

4. Both officers are intelligent and businesslike men. They have submitted several useful settlement reports. One of them—Mr. Hudson—has earned the acknowledgments of Government on more than one occasion for the energy and zeal which he has shown in penetrating at the height of the rains into almost inaccessible talukas of the Konkan with the object of introducing before the close of the revenue year revised settlements bringing in considerable enhancement of revenue. He is also an accomplished photographer, having a thorough practical knowledge of all processes in connection with dry-plate photography, including the retouching of negatives. His skill was recognized by placing him at the disposal of the scientific observers of the solar eclipse of 1898 and his work was found to be of considerable value. Should Mr. Hudson be in Government service when the Superintendentship of the Photo-zincographic Department in this Presidency falls vacant, he would almost certainly succeed to that appointment, but at present there is little likelihood of the now incumbent retiring for some considerable time to come. His services would probably be found of considerable use in the headquarter Photo. and Litho. offices of the Imperial Department at Calcutta. Mr. Cole has no such special qualifications as those possessed by Mr. Hudson, but he is a diligent and competent officer in the supervision of survey operations over considerable areas.

5. For the above reasons the Governor in Council desires me to express the earnest hope that the Government of India may be able to find for both these officers work, either in the Survey of India, or in some other sphere of employment, such as a Native State Survey, where their knowledge and experience may be turned to useful account.
